Solmac Inc.'s Corporate Vision is based on three Core Principals: Quality, Reliability, and On-Time Delivery.

QUALITY PRODUCTS

Solmac Inc. provides precision CNC machining in the world's most complex and advanced industries. We take quality seriously and monitor accuracy of measurements, machined parts and performance. We are an ISO 9001:2008 certified company with extensive experience in the standards for proper machining techniques. Our expert staff is experienced in all areas of quality control.

RELIABILITY

Solmac Inc. acts as a reliable business partner to our clients. Customer satisfaction is achieved through quality precision machined components and an attention to project customizations and deadlines. Through meeting all of those demands, we provide our clients with the precision, swiss, and CNC machine products they need, when they need them.

ON-TIME DELIVERY

Solmac Inc. is a determined provider of true customer satisfaction. We strive to meet and exceed our customers' expectations of quality machine products and focus on rapid project completion.

We work together with our customers to provide technical and engineering support.

Contact us for further information on how we can help you meet your business needs and goals.

We are here to help you.

COMPLETE MACHINING SOLUTIONS

PRECISION CNC MILLING

PRECISION CNC TURNING

PRECISION CNC SWISS TURNING

**WOMEN OWNED
ISO 9001:2008 CERTIFIED**

ABOUT SOLMAC INC.

Solmac Inc. is an ISO 9001:2008 certified, women-owned precision CNC machining facility located in the heart of Williamsville, NY.

The Solmac facility is equipped with state-of-the art machinery providing customers with production runs, long or short, contract manufacturing, as well as prototyping in a wide variety of materials.

QUALITY CONTROL

Solmac provides precision CNC machining services in the world's most complex and advanced industries. We continuously invest in state of the art inspection equipment and our machining experts follow strict machining standards for ultimate part accuracy.

Solmac adheres to the strictest industry standards. Our complete Quality Assurance Program ensures that our customers receive high quality parts every time.

Our measuring equipment including CMM and various measuring devices are calibrated against NIST traceable standards.

EXPERT CNC MACHINING

HIGH PRECISION CNC MILLING
Full 4th Axis
65" x 30" x 26" Worktable
1000psi Thru Coolant
2-Pallet-Machining
Renishaw Measuring System

HIGH PRECISION CNC TURNING
Full 4th Axis; Y-Axis
Max. \pm 16.5
Max. 60" Center-To-Center
Steady Rest, Live Tooling

HIGH PRECISION CNC SWISS TURNING
9 Axis
 \pm 3- \pm 20mm Barstock, HO8
High Pressure Coolant, 2000psi
Turbo Barfeed 3-26 mm

**SAWING | LIFTING
MARKING | DEBURRING**
Sawing \pm 16.5" max.
10 Ton Lifting
Micro Deburring
Marking System (Telesis)

Solmac serves customers in highly specialized industries including automotive, aerospace, military & defense, electronics, industrial, medical, shock and vibrate, alternative energies, and others.
